

S. V. PARADE TO ATTRACT 50,000

Third Annual Event Starting At 2 p.m.

At 2 p.m. this Sunday, Oct. 28 the Third Annual Spring Valley Parade, the biggest one so far, will start moving in an easterly direction from Conrad dr. and Campo rd. in the Casa de Oro area of Spring Valley.

By the time the parade reaches the end of the parade route at Cordoba and Campo rd., an expected 50,000 people will have witnessed the spectacle.

Parade chairman Frank Davis is reported this week that more than 100 units are to appear in Sunday's event. He estimated that it will be almost double

from other communities in the county has been excellent. Most of these communities have entries.

Grand Marshall of the Sunday Parade will be George Scott. Other dignitaries will be either in the parade or watching it as it goes along Casa de Oro's brandnew highway which will be blocked off for the event.

This year's parade theme is "American Heritage." At least one of the floats, the entry of the S.V. Chamber of Commerce has followed the theme directly. Built by the Casa de Oro Woman's Club, the float is named "Let Freedom Ring" and highlights the 1776 era. The famous Mother Goose float from El Cajon will be in the parade

too, as will outstanding floats from other parts of the San Diego county area. A group of top-notch bands will be providing peppy music and colorful marchers for the occasion.

BEST SO FAR
"The community has responded superbly to make this the most promising parade so far and one that the spectators will certainly enjoy and remember."

Davis said this week. "It is with great gratitude and appreciation that we chairmen thank the many participants, schools, service clubs, civic organizations and private businesses for their contribution to this parade."

"The event could not be possible without the untiring efforts of my fellow citizens and I sincerely

thank them for their efforts which have made my job as chairman easiest of all the jobs in connection with the parade."

Following are some of the units and people to appear in the parade as reported by Mrs. Marguerite Howell, parade coordinator:

Indorsement For Dick Donovan

This newspaper is pleased to indorse Richard Donovan, a young attorney with a brilliant future, as its choice for Assembly in the 77th District.

We have spent more time listening to Donovan's speeches than we have any other candidate's because we sought flaws in this young man's reasoning. Why should a young professional man offer so much of himself during the very critical early years of his profession?

He, like many another thinking person, knows that all professions will suffer unless more responsible representatives are sent to Sacramento. The cut in income he will take as an Assemblyman makes his service truly sacrificial.

He knows law and laws; he knows law enforcement and he is a fine American who stands up for American principles. He is strongly anti-communist and opposed to welfare chiseling.

We know of no finer young American who can serve us than Richard "Dick" Donovan.

Brush With A Moment Of Truth

Our blank front page used on last week's newspaper to dramatize the force of censorship brought many retorts. Many commended us, some condemned us. Apparently feeling in some cases was so strong that the callers gave up viewing television during the "prime" evening hours to voice their opinion to us by telephone at home.

The idea came to us on the spur of the moment . . . the exact moment when we learned that a United-Press International photographer had been arrested in Washington for taking Mrs. J. F. Kennedy's picture.

The photographer was arrested for doing exactly the same thing scores of Italian photographers had been doing for weeks while the President's wife was in Europe.

When the American photographer was later released, and his camera and film returned with a statement from the White House that it was a "misunderstanding" . . . it left the very distinct flavor that we are not so far from the Gestapo as we thought.

Gen. Walker Has Helping Friends

"YOU MAY NOT AGREE with what General Edwin A. Walker says. You may feel that he should not have gone to Mississippi after the demonstrations had begun, just as some people feel that Freedom Riders from the North should not have carried their demonstrations into the South.

"General Walker is concerned over our present policy of preparing to merge our military establishment with a U. N. Peace Force made up, for the most part, of nations hostile to our way of life, particularly when the Assistant Secretary General in charge of disarmament and military affairs for the U. N. is the tough Soviet E. D. Kiselev.

"Walker has been a military man, a battlefield hero, and he feels it would be disastrous for the United States to dissolve the Army he served all his life, as our present policy provides for the years ahead.

"YOU MAY NOT AGREE with his concern on this or on his stand for states' rights. But whether you do or not, that it not the issue in the present Walker case.

"While General Walker was engaged in what he contends was peaceable assembly in Mississippi, he was apprehended by United States marshals, charged with four crimes bearing on insurrection and sedition, not allowed to post bail, ordered by a federal judge to a federal mental prison for a sixty to ninety day period.

"When the federal judge ordered him to undergo psychiatric examination, Walker was not even in his jurisdiction. He had no lawyer present. It was a clear violation not only of the statutes but also of General Walker's rights under the Constitution.

"Thus, General Walker for a brief period became the first political prisoner in the United States. This is a situation that warrants a serious assessment of where we are and where we are going. If this legal precedent is set, we are in serious trouble in the years ahead.

"ALL OF THIS comes at a time when the Communist party here in the United States is openly defying the laws of the land that require it and its members to register with the Department of Justice.

"Apparently, and in contrast to the attitude in the Walker case, the Department of Justice is doing little or nothing about this defiance.

"I was counsel to the United States Senate Internal Security Subcommittee of the Judiciary Committee for five years and had to watch the way Communists were treated after their arrests under the Smith Act, the various espionage acts and related legislation.

"Not one hard-core Khrushchev henchman was treated the way General Walker was treated. Every Communist was scrupulously accorded his right under the Constitution.

Apple Sale Starts Here

The Annual Kiwanis Apple Sale got started on Tuesday of this week when a carload of big, red apples from the state of Washington arrived in Lemon Grove, reported Art Helphand, this year's chairman.

The fruit will be on sale through Saturday of this week. Main point of sale is at Imperial and Broadway in Lemon Grove, where the big apple truck is parked. Gene Arsenault, sales chairman said that the apples are \$7 per carton. Smaller amounts may be purchased.

On Friday and Saturday of this week Kiwanis members will be selling the apples on the streets in downtown L.G. Helphand said that the apples can be ordered by phone and will be delivered free of charge. The phone to call is HO 3-8828.

Proceeds go for local youth projects of the Kiwanis. Of \$1,200 raised in last year's apple sale, \$600 has been earmarked for the L.G. park. A representative of Washington apple growers, Cliff Clark is in town in connection with the 1962 event.

School Board Opposes Beer License Again

The Lemon Grove school board held a short meeting Monday with but two items on the agenda that were other than routine.

One item concerned a delegation which had requested time to discuss the application of an off-sale beer and wine license by the Food Basket, a market at Imperial and Golden. The delegation was comprised of Frank Armstrong, his wife, and Dr. Jordan Detzer, pastor of the L.G. Methodist Church. The board heard the request and agreed to oppose the issuance on the basis of its previous opposition. Opposition, Byron Netzel said, had to do with proximity and not the market's reputation. Armstrong had strongly opposed the license on two other occasions.

The board also announced that no bid had been received on the surplus property at San Altos. Netzel said the State Department of Finance would be advised and perhaps the district will be authorized to reduce the minimum. He said the income, whatever it may be, would have to go into the state loan fund.

Canton Drive Project Likely To Be Killed

SAN DIEGO (CNS) — Plans for improving about 1,000 feet of Colfax drive, L.G. looked dim Tuesday when a hearing before the Board of Supervisors indicated a majority of property owners oppose the project.

The Board could take no action on a proposal to finance the project through a 1911 improvement act district because four votes were required and only three Supervisors were present.

Gas Station Fails To Get Zone Variance

SAN DIEGO (CNS) — Two requests for zoning variances for L.G. property brought protests Friday.

The planning commission denied Burgess, Fuller and Nelson's application to build a service station closer to the street than the law allows.

They wanted to build 54 feet from the center of Massachusetts near Waite dr. instead of 75 feet, and a revolving sign 39 feet, instead of 75 feet.

The request was protested by Willard L. Erlson, William Lill and Mr. and Mrs. Henry W. Collup.

The second variance, sought by Sylvia M. Maki for permission to build 30 feet, instead of 50 feet, from the center of Lawton dr. near Mt. Vernon, and 15 feet, instead of 35 from the rear line, was approved.

Charles M. Davis Jr., and Mrs. J. N. Fox opposed it.

SHOO!!!

SAN DIEGO (CNS) — Action on tighter controls on flies will be taken at the next meeting of the County Board of Supervisors it was promised Tuesday by Board Chairman De Graff Austin to a group of mothers who demonstrated against flies at the Supervisors' session.

The women filed silently into the Board chamber, each bearing a large placard with a slogan asking for action against the fly nuisance. The cards, mounted on tall sticks, bore such messages as: "Stop Being Chicken About Flies;" "Segregate Flies From Our School;"

"Flies Now, Pay Later;" "San Diego's New Industry: Fly Breeding;" "Time Flies, Don't Delay."

The women, from the PTA of the Fuerte School near El Cajon were promised an immediate study of the flies in their area.

Raid Drills Ordered This Week At Mt. Miguel High

Melvin C. Grant, principal of Mount Miguel High school, ordered a red alert drill this week on Thursday. It will be followed by a yellow alert drill next week. The drill is the first reported in area schools.

"We hope to work out all the bugs on Friday so that all movements during a real alert, if one should come, are automatic," emphasized Grant. Meanwhile, parents are urged to work out defense procedures with their youngsters.

"As most people know, evacuation procedures have been abandoned in favor of dismissal to the homes of the students; this procedure is not difficult at Miguel because most students are within walking distance.

"People should realize that we do not have adequate protection here at the school," he pointed out. "This is caused by the fact that all buildings are of one-story, slab above ground type."

A Civil Defense committee was formed at Miguel Tuesday to consider the problems inherent in the current situation. Comprised of parents, students, teachers, and administrators, the committee amended the regular school plan for civil defense.

One of the most urgent problems at the next committee meeting will concern those students whose parents want them held at the school in the event of an attack. A serious problem exists for these people since there is no adequate shelter from blast in the immediate vicinity.

Letters TO THE EDITOR

SUCCESS OF OREGON FARMERS ATTRIBUTED TO URBAN HOSPITALITY

Dear Editor:

A recent article in your newspaper referred to the prevailing shortage of farm harvest labor. It mentioned that not many farms remain around Spring Valley.

At about that same time I was spending a week in Salem, Oregon and environs. I visited some farms in the surrounding area. I saw hundreds of acres of string beans - the vines were strung up as high as my head. Hundreds of people, mostly migrant farm workers, were picking the beans. Not many years ago such bean fields were in our area, and Oregon fields were producing other crops.

The most outstanding impression was the attitude of urban residents toward farmers and their problems. Urbanites in Oregon are constantly aware of, and sympathetic toward, the farmer's problems because their economy is principally dependent upon the products of field and forest. If farm products do not get harvested, the economy of the cities suffers. So the urbanites get into the activity of getting the crops harvested.

In one community of 2,000 groups of city people go to the farm labor camps to welcome the migrant farm workers and their families as they arrive and feed them their first meal. Urban people rent a building in the small city and furnish it as an urban social center for the migrants. During the summer months the local school district offers individualized instruction to each migrant child. The school bus picks up each student and returns him, not to a designated dumping off place, but to where his parents are at the time, be it camp or field.

Each non-farm citizen here in California will have an opportunity to display his personal feeling toward farms November 6 on Proposition 4. If the vote is predominantly "YES," farms may remain in Spring Valley.

"Good proof of this is that virtually every Communist arrested under the Smith Act has had his conviction set aside by judicial decision. And this is so even though every one of these people, incontrovertibly, has had the overthrow of the government of the United States as his goal. Every one of them has worked in concert with a hostile foreign power."

"THIS DANGEROUS double standard can be serious. First of all, it gives the impression to all the world that if you go along with the Communists all will be well. If you identify yourself with resistance to Communists as General Walker has, on the other hand, you encounter a plague of troubles."

"The fact that our foreign policy lavishes the Soviet and pro-Soviet dictators such as Tito, Sukarno, Nkrumah, with billions of dollars and diplomatic embraces while crushing or humiliating the Tshombes, the Salazars, the Nosavans and the Peruvian anticommunists, only heightens the impression."

"The Walker case involves a dangerous precedent. A United States citizen in the future may wish to protest the action of the federal government in something other than overriding the authority of the State of Mississippi. He may wish, for instance, to protest being merged under the banner of the United Nations with Mr. Kiselev as his leader."

"If he engages in peaceable assembly to raise his voice in protest, he could be rushed off to a federal prison hospital, ordered held for psychiatric observation, denied bail, denied a public trial and denied even the writ of habeas corpus."

The American flags, 75 of them on 10 foot poles will go on display for the first time along Campo rd. on Oct. 28, the day of the Third Annual S.V. Parade. The flags were purchased by the Casa de Oro Chamber of Commerce to be flown for suitable occasions.

President Les Hansen said the following places of business helped make the purchase of the "Old Glories" possible; Foster's Market, Hansen Furniture, Foster Freeze, Frederick's Hair Style, Casa de Oro Liquor, Bank of America (Campo and Conrad branch), Barbic Rose Growers, Econo-Wash, Nina Ray Real Estate, Art's Lumber, Casa de Oro Plaza, Jesse M. Hodge Insurance, Casa de Oro Mobil Service, Dr. Russell Love, optometrist, Golden Bowl, Service Hardware, Woods Wil-

shire Service and Casa Rexall Drug.

The Casa de Oro Chamber is building a float to enter in the Spring Valley parade. The float will hold a replica of the Old Adobe House (Bancroft Ranch House). During and after the parade, tickets will be sold to the drawing at which someone may win the replica that will be on the float. The replica could be a child's playhouse, Hansen said. Proceeds from ticket sales will be used for community projects.

Allegedly protesting that he wanted to see his kids and "no judge could tell him what to do," Orval Anthony Dawson, 2040 El Dora, L.G., was taken to the County Jail by sheriff's deputies Saturday following a citizens arrest made by his divorced wife, Mrs. Pauline N. Dawson.

Mrs. Dawson claimed that when Dawson came to her home that night in Santee, raised a fuss and refused to leave, he was in violation of the Court's restraining order, and for such she was making the arrest.

Lester Clyde Parker, 31, 3839 Murray Hill rd., L.G. was alerted that his upright vacuum sweeper, commercial model with 50 ft. of cord, rolled out of his garage one evening last week coasting down the

hillside driveway.

Witness to the wandering vacuum was E. A. Singer, 7410 Waite dr., L.G. who attracted by the noise watched the cleaner roll down the hill to the middle of the intersection. He said he took the cleaner out of danger and stood it against the street sign at the northeast corner of the intersection. When Parker went to get the cleaner it was gone. The cleaner had just been repaired.

Carl Larson, assistant manager, said he had cashed several pay checks for the man previously but the checks which were returned from the bank marked "not sufficient funds" were personal ones.

MESSAGE IN LIPSTICK

Lipstick was the medium used by a vandal to write messages on the doors and windows of the home of Mrs. Ruby Jewell Johnston, 10136 Campo rd., S.V. the night of Oct. 18 and 19. The long message on the rear door threatened to break every window in the house if the owner killed the writer's cat. It was followed by obscene words.

Man-Hours Saved By New County Ordinance

SAN DIEGO (SPCL)—Sheriff A. E. Jansen announced today that since September 7 the effective date of the County Ordinance allowing his deputies to issue citations to certain misdemeanor offenders instead of placing them in jail, 14 citations have been issued.

Sheriff Jansen said there are two distinct benefits from the program:

(1) That the person involved is not booked in jail - thereby not acquiring a criminal record; and

(2) Deputies are now able to remain on their beats instead of wasting the time involved in transporting these people to the County Jail.

The Sheriff said it would have taken 25 man-hours to have transported and booked the persons to whom these citations were issued.

Miguel High school, Harry the younger was born in San Leandro, Cal., near Oakland and lived in Lemon Grove since 1947 when his family moved here.

Commissioner Says Developer Exceeded Permit In L.G.

SAN DIEGO (CNS)—A new special use permit for Lemon Grove West, a neighborhood housing project of Sam C. Harris, was granted Friday by the County Planning Commission, but the commission split on the matter.

Neighbors in the area of Waite dr. and Violet st., who opposed the permit when it was first issued earlier this year, against any new permit.

Commissioner W. K. Hooper, when it was brought out that Harris had put in more buildings than he had told the commission he was going to, voted against the permit.

Willard L. Ericson, one of those in protest, said, "I question the right of Harris to build additional buildings without a hearing."

Hooper agreed, but the rest of the commission approved the new permit, which ratifies an extra six units and cuts the swimming pool size.

Sabin On Sunday (S.O.S.) Again For 75% Who Missed

About 30 per cent of the population eligible for Sabin Vaccine took advantage of the Sabin on Sunday program held in Lemon Grove, Spring Valley and elsewhere in the county Sunday. Altogether, 280,757 took a gulp of the health-guarding liquor.

Dr. John M. Bishop, chairman of the county-wide program said that those who failed to participate in the oral program would have a last chance Sunday when the same schools would be the locale of another mass vaccination project. The

hours, 11 a.m. to 6 p.m. will be the same Sunday as they were last week.

In the Lemon Grove district 8,754 persons took a small drink of Type I Sabin oral vaccine, a drink that tasted like sugar water. At L.G. Jr. high school 4,864 persons became inoculated. At San Miguel school, 2,830 took part.

In the Spring Valley-La Mesa district 13,469 persons took part. In Spring Valley, 2,608 attended the Casa de Oro school; 3,024 the Avondale, and 2,913 the S.V. elementary school. A donation of 25 cents per person was suggested and

while no official total of the funds was available, workers said they experienced no difficulty with participants not paying their way.

Dr. Bishop said that the Sabin solution should be taken by everyone over three months of age regardless of any Salk injections he might have had. The Sabin treatment was designed to break the link that permitted some persons to carry polio germs while not actually being ill from it.

The project is sponsored jointly by the S.D. County Medical Assn. and the S.D. Co. Dept. of Public Health.

Plans Going Forward For First Annual LG-SV Veterans Day Observance

At a meeting held in the Spring Valley VFW Hall last Saturday, Oct. 20, plans were completed and chairmen appointed for the activities involving Spring Valley and Lemon Grove veterans on Nov. 8, 9, 10 and 11.

Among the attractions sponsored by the S.V. and L.G. VFWs and the World War I Veterans will be, Nov. 8: U.S. Army band at the S.V. Shopping Center, Sweetwater rd., playing at 4 and 7 p.m.; on Nov. 9, also at the Shopping Center, there will be a special forces group and display. This will be from 7 to 9 p.m.

An added attraction, the Auto-Rama will also be at the S.V. Shopping Center Nov. 8, 9 and 10. Sponsored by the Merchants Association of the S.V. On Saturday, Nov. 10 two new 50-ton M-48 Patton tanks will be on display at the First National Bank in Lemon Grove, from 9 a.m. to 4 p.m. Equipment and weapons will also be on display.

A "Veterans Contest" will be held during these three days to find the oldest, tallest, shortest, fattest, and the veteran with the largest family (father, mother and children). In addition, a contest will be held in which any veteran may enter. Veterans must be residents of Lemon Grove or Spring Valley; be honorably discharged;

and must have served on active duty with the American Armed Forces for 90 days or more.

SCOUTING NEWS

Boy Scout Troop 47 Honors Glen Lindeneau

At a recent committee meeting of Boy Scout Troop 47 Glenn Lindeneau, Convaire employee and community worker was given a vote of thanks for more than two years as committee chairman of Troop 47. He will continue as program chairman and member of the Explorer committee.

Lindeneau was succeeded by Joe Sapienza, manager of De Falco Giant Market in South Spring Valley. Sapienza served the troop for several years, as treasurer for the past six months.

Troop workers are for official recognition of Ben Small, scoutmaster, because of unselfish service over the past few years. He also served in many capacities. Also to be recognized are patrol leaders: Dan Ostrom, Panther patrol; Jim Godley, Buffalo patrol; Bill Williams, Eagle patrol; C. Botzer, Rattlesnake patrol, and the troop secretary, Mrs. Neva Baker.

The troop, fully uniformed, enjoyed a tour of the U.S.S. Southernland on Sept. 16 under the leadership of Dan Ostrom.

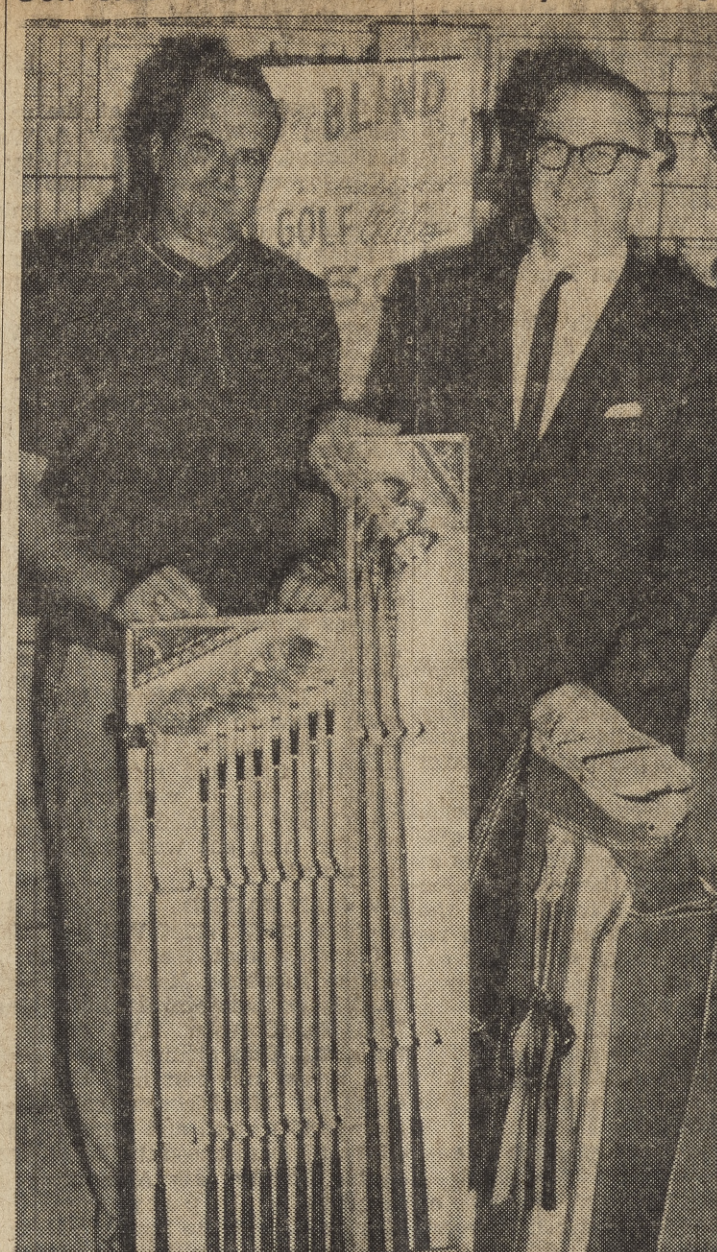

A court of honor for Troop 47 will be held on Saturday of this week, Sept. 22, in the S.V. Friends Community Church.

Troop 47 has made plans to participate in the third annual Spring Valley parade on Oct. 28 in Casa de Oro.

And Mrs. Bob Frazier of the S.V. VFW and Auxiliary, dinner (Frazier is vice commander of the S.V. Post and Mrs. Frazier, president of the Auxiliary).

M/Sgt. Edwards said, "Other Armed Forces are being contacted by the Veterans groups to participate with troops and displays at Lemon Grove and Spring Valley during the four days observance."

Golf Club Prize In White Cane Days Drawing

THE WINNER — One person that was glad he bought tickets in the Lemon Grove Lions Club White Cane Days golf club drawing was Dr. Basil W. Maloney (right), who won. With him is Lions Club president Charles Montgomery, who said the drawing brought in \$325 of a total of \$1,028 collected in the annual drive held to raise funds for eyecare for children of Lemon Grove. The rest of the money was gained through sale of White Canes people wore in their lapels.

Montgomery said all 51 members of the Lions Club took part in the drive. Last year's total was somewhat less than \$600 and the reason for this year's improvement was fuller sales participation among club members, Montgomery explained. Dr. Maloney, who said he is a poor golfer, plans to devote more time to the game now that he's equipped for it.

TIRPAK ABOARD AIRCRAFT CARRIER KITTY HAWK IN WESTERN PACIFIC

WESTERN PACIFIC — Anthony R. Tirpak, hospital corpsman second class, USN, son of Mrs. Augusta Tirpak of 2535 Corona st., Lemon Grove is serving aboard the attack aircraft carrier USS Kitty Hawk, operating in the Western Pacific with the Seventh Fleet.

The Kitty Hawk is part of the fleet's fast carrier striking force that can move to any potential trouble spot in Southeast Asia within a short time.

The ship, one of the newest in the Pacific Fleet, is expected to visit ports in Japan, the Philippines and Hong Kong. She will be in the Far East approximately seven months.

S.V. ESTATE LAWSUIT NOW AT STANDSTILL

The lawsuit of 39 home buyers in the Spring Valley Estates, to collect about \$8,000 apiece due to alleged faulty construction of their homes, is at a standstill, according to their attorney, James Biggins Jr.

Biggins, who has offices in the Bank of America building, San Diego, said the complaints were filed in July, and he does not know when to expect a decision and whether there will be a settlement or the case will eventually go to court.

Grand Jury Warns On Growing Child Molestation Problems

The Juvenile Delinquency committee of the Grand Jury said this week that every member of the community should be informed on the prevalence of crimes of child molestation. No citizen, it said, who serves on the Grand Jury can avoid realizing that a community-wide problem does exist.

County-wide statistics have been compiled by the Grand Jury, with the cooperation of the District Attorney, stating the number of crimes committed over the last five years. It is well realized that because of the nature of the crime, many offenses are not reported. This

is a difficult subject to bring to the attention of our citizens, but there is a need for the community to be aware of it, the Committee said.

The Committee said a need exists for education; education of parents, education of children, and education of the possible defendant.

Fifty-eight per cent of the cases that have come to the attention of authorities have involved children five to ten years of age; six per cent are under five, and 36 per cent involve those in the 11 to 14 age bracket.

Sixty-five per cent of the crimes were committed by

neighbors, family friends, or relatives, and 35 per cent by strangers.

A large percentage of the crimes are committed in the home of the victim, and an equally large percentage are committed in the home of the defendant.

In 70 per cent of all cases the parents were at home at the time of the crime.

News from State College

60 RADIO STATIONS TO AIR STATE PROGRAMS

A series of programs produced by San Diego State radio/television, and first broadcast over KEBS (FM), the college's non-commercial, educational broadcasting station, will be heard over more than 60 radio stations throughout the continental United States and Alaska.

INDORSES PROP. 1-A

The Citizens' Advisory Committee for the Grossmont High School District and the Grossmont College has officially endorsed Proposition 1-A on the November ballot, John Jansen, chairman of the group announced.

LOVE SEES PROP. 13 AS AID TO EDUCATION

San Diego State President Malcolm A. Love endorsed Proposition 13 as a measure of vital importance to higher education in California.

Love said that passage of the Proposition would encourage future growth of private colleges and universities. He said that in view of the booming enrollments that face both public and independent systems of higher education, this growth will be essential.

Proposition 13 on the November ballot would remove a 100 acre limitation on tax exempt, private college property. It would permit all private college property used for educational purposes to be tax exempt.

ALTERING OF MAIN TRAFFIC PATTERN CREATES NEW CAMPUS ENTRANCEWAY

A reorganization of the master traffic pattern at San Diego

State has resulted in a new entrance to the campus, a shift in visitor parking facilities and an expansion of student parking areas.

The plan became effective Sept. 10 and is allowing for greater mobility of campus foot and vehicle traffic, Dr. Darrell Holmes, executive dean of San Diego State, said.

Main entry to the campus leads from Campanile drive to the new esplanade walkway approaching the main arch. Visitor parking is located to the right of the new entrance, behind the open-air theater.

OUT-ROUTES GIVEN

North-bound traffic leaves the campus by Campanile Drive, as College Avenue will no longer be usable. South-bound vehicles will leave by College Avenue continuing to Montezuma rd. No left turn will be possible from the reconstructed College Avenue intersection leading to Highway 80.

Student parking facilities west of the humanities-social sciences building will be expanded from 650 spaces to 1700 spaces by November. Access stairways from the area will be completed by December. Three other existing student parking locations are being enlarged.

ROAD TO BECOME WALK

The former one-way entrance road that continued past the administration building will become a walkway, not open to vehicular traffic.

Service vehicles only will be permitted on the internal campus road leading behind the education building, past the chemistry - geology building, home economics building, and the humanities-social sciences building, Holmes said.

CHAIRMAN

The cleverly-designed Spring Valley Chamber of Commerce float is very American. On the front is the Statue of Liberty, depicted by Barbara Ralston, Miss Spring Valley. In the center of the float are frontiersmen of the type which played such an important role in the development of America, depicted by Pat and Don Chalmers. The distinguished looking gentlemen at the rear of the float who are of the era of 1776, and will stand with grace by a large version of the Declaration of Independence are James Cox as Thomas Jefferson and Allen Innes-Brown as John Hancock. The Casa de Oro Woman's Club fashioned the float, called "Let Freedom Ring." The float follows the parade theme, "American Heritage."

Parade starts promptly at 2 p.m. from the Spring Valley Junior H.S. at Conrad Drive. It will proceed to Campo Rd., then to North Cordoba to San Juan and back to the J.H.S. Eight divisions consisting of 102 units, 8 prominent area bands, 10 floats, an array of prominent horsemen from the State of California will be on display, plus other specialty items. The parade is being held in behalf of the community of Spring Valley.

School Lunch Poster Contest Winners

WINNERS IN THE POSTER CONTEST for School Lunch Week are pictured here. The winners' posters are on the background wall. Left to right are Jerry Foster, VI, Monterey Heights; Ricky Brooks, III, San Altos; Kath-

ryn Smith, V, San Miguel who is about to serve an average school lunch to Steve Willett, I, Monterey Heights; Mark Panhorst, II, Mt Vernon and Kent Askew, Mt. Vernon. Staff Photo

Sudden Growth Seen For San Diego Campus Of University Of California

HOW THE SAN DIEGO CAMPUS of the University of California will grow from its present status as a small graduate school in the sciences to a great general campus within the next few years was described by Chancellor Herbert York, to a group of County leaders recently. Among them was Mrs. Byron Netzley of Lemon Grove. Mrs. Netzley who is Lemon Grove Area Chairman of Citizens for "Yes" on I-A is pictured with Chancellor York. The new Physics Dept. building, scheduled to be ready next year is in the background.

The group toured the site of the School of Science and Engineering near the intersection of Highway 101 and Miramar rd. The 60 acres of the site were given the University by the City of San Diego. To the northeast lie 450 more acres earmarked by the voters for the general campus, and to the east the federally-owned Camp Matthews, which is to come to the University under a bill recently signed by President Kennedy.

Present plans call for the San Diego campus to enroll 27,500 students, both graduate and undergraduate, by the end of the century. Total investment in buildings will then have reached \$250 million, Chancellor York said. He emphasized that the orderly development of the campus is dependent on the fate of Proposition I-A on the November ballot. I-A is a State proposition that would authorize the issuance of \$270 million in State bonds. Eighty per cent of the money is earmarked for higher education. Of this \$6 million will be spent on the San Diego campus.

First place winners in Lem-forts. Mrs. Ruth Pfister, lunch on Grove school's poster contest, for School Lunch Week that winners had been selected are, "eating" their own words as a result of their ef-schools.

Jerry Foster of Monterey Heights walked off with first place among sixth graders. Other winners included Kathryn Smith, fifth grade, San Miguel; Kent Askew, fourth grade, Mount Vernon; Ricky Brooks, third grade, San Altos; Mark Panhorst, second grade, Mount Vernon; and Steven Willett, Monterey Heights.

All top posters are on display this week at the Lemon Grove Education Center. Judging was based on originality, communication of ideas, and quality of work. Mrs. Elizabeth Higgins, teacher consultant who coordinated the contest among the several schools and grades, stated that it afforded students an excellent opportunity to develop talents and understandings in several areas of learning.

LOCAL COMMUNITIES 'SERVICE CENTERS' IN CIVIL DEFENSE PLAN

Lemon Grove and Spring Valley both have been named "service centers" in a new civil defense and disaster plan for unincorporated areas of the county.

Five major missions are listed for the 17 service centers in the county: communications, radiological defense, medical, emergency welfare and coroner.

William B. Marty, administrator of the Unified CD Center said, "Civil Defense in unincorporated areas must now think in terms of recovery of stricken areas rather than in terms of reception of evacuees."

Originally civil defense officials thought the population should be evacuated. Now a stay and see-it-through policy has been adopted, partly because evacuation routes are adequate for only a small percentage of the population.

"BEANS AND JEANS" DINNER TONIGHT

The PTA at La Mesa Junior High school invites parents and families of students to attend a 5:50-7:30 "Beans and Jeans" dinner at the school tonight.

PARENTS' NIGHT MONDAY AT SANTA SOPHIA HIGH

Parents' Night for the Santa Sophia High's School of Religion will be held Mon., Oct. 29 at 7:30 p.m. in the new parish hall.

There will be a presentation of the program and objectives of the parish high school activities followed by a question and answer period. A social hour during which parents may meet with the teachers will conclude the program. Refreshments will be served.

Event Draws 2,000 To S. V. Chamber Site

More than 2,000 residents of Lemon Grove and Spring Valley swarmed down on the First Annual Civic Barbecue honoring Sheriff Elmer Jansen at the S.V. Chamber of Commerce grounds Sunday.

The barbecued beef was tender and tasty, the beer and soft drinks were cold and plentiful, and music was good and loud.

The sheriff, only two days back from a bout with bronchitis, spent the warm, sunny Sunday afternoon shaking hands and talking with his admirers as they queued up to enjoy the barbecue sandwiches and refreshments.

TROUBADORS SING

Mexican troubadours provided music throughout the afternoon and Happy Harry, a well-known clown, distributed Jansen balloons, peanuts and happiness.

Members of the committee which formed the L.G.-S.V. Businessmen-To-Retain-Jansen-For-Sheriff said that the crowd consumed about 1,200 sandwiches, 1,400 tins of beer and nearly 100 gallons of soft drinks. It was a happy crowd apparently all bent on showing friendship and admiration for their sheriff.

The expenses were underwritten by the executive committee of the Retain-Sheriff committee.

Co-chairmen of the event were Jim Dorman and Ted Petters. Dorman is associated with the law firm of Dorman and Dorman. Petters is a L. G. restaurateur.

COMMITTEE NAMED

Other members of the executive committee included Howard Muhleman, an attorney; Jim Spears, local auto dealer; Dion Rich, a S.V. man who operates a cafe in San Diego;

Turnbull Cops New Tv Role

Lemon Grove's Bob Turnbull, a Helix High alumni and former columnist for this newspaper was looking forward to this Friday's Homecoming Alumni Day at Helix. But some "good" luck prevents him from attending. Turnbull will be working in a segment of the new television series entitled "The Eleventh Hour" starring Wendell Corey.

He will also be working in another segment of the same show next week when Mt. Miguel holds their Alumni Day. Although a graduate of Helix Turnbull was titled by Principal Melvin Grant as "Mt. Miguel's First Honorary Alumni's."

MRS. HAZEL MAXSON SERVICES WEDNESDAY

Funeral services for Mrs. Hazel B. Maxson, 71, of 3206 1/2 30th st., San Diego, were held Wednesday of this week at Greenwood Mortuary with cremation following. Rev. Ellis Shaw, pastor of the Brooklyn Heights Presbyterian Church, officiated. Mrs. Maxson died suddenly on Tuesday of this week on a bus in San Diego while on her way to visit a friend.

A native of Iowa, Mrs. Maxson had lived in San Diego County for 20 years. Five of them in Encanto. It was while living in Encanto that she was secretary of the Trinity Presbyterian Church where she had her membership. Moving from Encanto she took up residence in San Diego and became a member of the Brooklyn Heights Presbyterian Church.

Mrs. Maxson is survived by a son, Onard Barker of La Mesa and two grandchildren.

Sheriff Seeks Youngsters Who Wouldn't Relinquish Phone In Poison Case

Ignoring a plan to hang up the phone and let an emergency call be put through for medical help to his three-year-old brother, several teenagers using the party line of Mrs. Hilda Lorenzen, 4263 Blackton dr., Vista La Mesa, are being sought by the Lorenzen family, who reported the matter to the Telephone Company and the Sheriff's Dept.

The baby had swallowed an unknown quantity of a garden poison. While his mother was applying an emetic to the child, William Lorenzen, her son, endeavored to telephone the doctor or a hospital. The line was busy. He called again and recognizing the conversation of the speakers, a boy and girl teenager, was only about a football game, he asked them to clear the line as his little brother had taken poison and this was an emergency call. He was answered by giggles and the reply "Why don't you take some poison." Finally a call was made from a neighbor's house.

Investigation is being made by the Sheriff's Dept. and the Telephone Company. The youngster was recovering Monday, the mother reported.

Area Kids Look Forward To Hallowe'en Carnivals, Trick Or Treatin'

PTAs BUSY — Elementary school PTAs in Spring Valley and Lemon Grove have been making big plans for Hallowe'en Night, Oct. 31, one of the big nights of the year for kids and schools alike. And while the PTAs have been planning, the kids have been preparing their costumes for the occasion. These costumes range from scary to humorous and the best ones will win prizes for the wearers. Four of the kids who had their costumes ready in plenty of time this year are (l to r) Noel Taggart, 7½; Suzanne Pickard, 7½;

Terry Winn, 7½, and Carl Brust, 7. Noel and Terry are in Mrs. Lillian Harrison's second grade class at Spring Valley Elementary school and Suzanne and Carl are in Mrs. Gladys Jones' second grade class at Monterey Heights Elementary.

Also on Hallowe'en night area kids will invade the community. Going from house-to-house, they will say: "Trick or treat?" If this year is anything like those before it, the children will make a haul when they say that.

Local PTAs Oppose Prop. 24

Two Lemon Grove PTA units voted last week to oppose Proposition 24, the so-called Francis Amendment, on the November 6 ballot. Both the Palm Junior High School PTA and the Lemon Grove Junior High PTA took strong stands against No 24 at their October 18 meetings.

The two local units reaffirmed similar stands taken earlier by Poothills Secondary Council, Ninth District, and the California Congress of Parents and Teachers.

In going on record in opposition to No. 24, the Lemon Grove units gave the following reasons: 1) Procedures as set up in No. 24 would infringe on civil liberties as guaranteed in the Bill of Rights; 2) they opposed the dangerous principle of conferring grand juries additional powers now belonging to the courts;

Also, 3) they opposed the principle of giving public officials, named or unnamed, the power to condemn; and 4) they stated that adequate laws in state statutes now exist to control communist activity.

October local groups which have voted to oppose the ballot measure include the Lemon Grove School Board and the Lemon Grove District Teachers Association.

WILSON APPLAUDS KENNEDY ON CUBA

Dick Wilson, candidate for Congress in the new 37th District, last night expressed his "applause and approval" of President Kennedy's action in the Cuban crisis.

Wilson predicted that it would be successful, "because every time we have stood up to the Communists they have backed down."

Wilson himself urged a blockade of Cuba weeks ago, and wired President Kennedy urging him to take such action.

"I will not presume to say that my advice activated the presidential decision, but I like to think it was one of many voices crying to be heard in this intolerable situation."

HALLOWEEN CARNIVAL SET AT SAN MIGUEL

The San Miguel PTA extends an invitation to the community to attend the annual Hallowe'en Carnival on Wednesday evening, Oct. 31 from 5:30 to the school.

Dinner will be from 5 to 7 in the cafeteria. The menu will include barbecue beef, mixed vegetables, cole slaw, cherry delight and coffee or milk. Two free tickets will be given each student. One extra one will go to each one entering the Costume Parade.

Around Our Valley: News and Views from Spring Valley

By Tommy Thomas

LARGEST FAMILY STILL BEING SOUGHT HERE

How is the population in your neighborhood? Do you know of a large family? We are still seeking the largest family in the Spring Valley, Lemon Grove area. To date several reports have come in regarding large families in these areas. Right here in front of me I have a list of large families. Two families have 10 children; then there are two with nine children and several with eight. But I have been told there are families in the areas with more than 10 children. If you know of such a family, pass along to us the family's name and phone number. The top winner will be treated to a Thanksgiving dinner.

HALLOWEEN COMING

Hallowe'en night is next week. Try to take the kids to the Hallowe'en carnivals that are put on each year by the local PTA groups. Held on the school grounds, you and the kids will have a whale of a good time and will be "keeping the youngsters off the streets."

NORTONS HAVE BABY

Congratulations are in order for Mr. and Mrs. (Clyde Jr. and Dora) Norton formerly of La Mar st., Spring Valley and now of 3661 Grandview st., Riverside. They are the proud parents of a 7 lb. 5 oz. boy born in the early part of September. The little lad has been named Michael Thomas Norton. Many of you, earlier time Valleyites will remember "Papa" Clyde. His parents, Mr. and Mrs. Clyde Norton Sr., live at 3494 S. Barcelona st., S.V. Clyde Jr. is a graduate of Grossmont High school. He spent time in Korea with the Army and on his return was employed at the old R and R service station in Lemon Grove. He is now a patrolman on the Riverside Police Dept. Dora is the daughter of Mrs. Clayton (Mattie) Smith of Sweetwater ave., S.V.

CAMPO AND KENORA BUSINESS CENTER ALIVE

The new business center out on Campo rd., near Kenora is coming right along, according to contractor and owner R. J. Lively. He said the official opening should be about the middle of November. But Miss Frances Hahn, chief librarian for the county said the branch library, which will be located in this new building will not be ready to open its doors until later in November or early December. Reason... the shelving for the library will not be ready (this also applies to the library which will be located in South S.V.).

However, there are other tenants signed up for the new building. A lady attorney, with offices now in San Diego is scheduled to move into S.V. soon. A real estate concern also will be in the building, I understand.

250 Area Adults In Backyard Swim Program Last Summer

More than 250 adults in Lemon Grove, Spring Valley and La Mesa took part in the past summer's Backyard Swim Program. The figure includes pool owners, organizers, water safety instructors, swim instructors and others.

In the same area 1,500 children participated in the backyard swim program—810 from L.G., 401 from S.V. and 290 from La Mesa. Purpose of the program is referred to as "drownproofing" or "waterproofing" because once children have received the instructions, they are safe around water; but not necessarily outstanding swimmers, according to organizers.

And speaking of the Clyde Norton's St. Mr. and Mrs. returned recently from Vermont, where they visited Clyde's brother Charles, who has been ill. The Norton's flew there and back.

SUSAN DEGROOT HONOR STUDENT AT SCRIPPS

Congratulations are in order for Susan DeGroot, daughter of Mr. and Mrs. Bill DeGroot of 9502 Upland dr., S.V. Susan, a graduate of Mt. Miguel High school is now a junior at Scripps College in Claremont, Cal. A recent news release from that college said: "Students on the Dean's List at Scripps College were announced at a convocation at the college this month by Dr. Frederick Hard, president. To qualify sophomores, juniors and seniors must have maintained a 3.2 average throughout 1961-1962."

'Probation After Death' C. S. Sermon Title

An assuring message about immortality will be brought out at Christian Science services Sunday in a Lesson-Sermon on the subject "Probation After Death."

Opening the responsive reading will be these verses from the Bible (John 14): "Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also."

One of the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 487): "The understanding that Life is God, Spirit, lengthens our trust in the deathless reality of Life, its almightiness and immortality."

"SALVATION"

When man fell into sin, salvation became necessary, because the entrance of sin broke man's relationship with God. A saved person is one who is in good relationship to God. Whatever once separated him from God has been removed. The necessity for the removal of sin is characteristic of every member of the human race.

'Sabbath' Prevents Pastors From Having Entry In S.V. Parade

A decision not to have an entry in the annual Spring Valley Parade was made last week on Oct. 18 at a breakfast meeting by Homeland Pastors Association attended by 10 ministers from 10 churches in this area by the dinner was at Skyline Methodist Church.

Last year the association had an entry in the parade. It was decided not to have one this year because "it would break the American tradition regarding the Sabbath Day," according to a spokesman for the group.

The group also decided last week to go on record as being against possession of a liquor license by the Food Basket in Lemon Grove. A reason for this, the spokesman said, is that the store is too close to the Youth Center. Food Basket has made application for a license.

Jobseekers Ready At High Schools

If you're looking for part or full-time employees who are eager, able and ready to perform, take a short suggestion from Mrs. Irma Harding, job placement officer for students in Grossmont's seven high schools:

"Call us at HO 5-3131, ext. 218."

The Youth Placement Office operates daily, she announced, and "nothing has stopped our applicants yet."

"That even goes as far as removing the remains of a deceased cat of some standing from under a house. Neighbors, who could find no one who would tackle the job, called YPO. Results were immediate—and satisfactory."

Jobs District high school youth are fulfilling are not usually, however, based upon a one-time performance. Most of the young people who are helped by the placement service use proceeds for college savings funds and other worthwhile purposes. Mrs. Virginia Clapp, director of the District's work experience program, said.

Bowlero Opens Billiard Room

Something new has been added in the big indoor territory known as Lemon Grove Bowlero. The something new is a billiard room and bowling pro shop which is being run by Frank Cherry and his wife, Kay.

The Bowlero's new feature, which has been built where the banquet room was located at the end of the concourse, contains nine tables. It is open from 10 a.m. to 1 a.m. daily.

Players find thick bluish-green carpets on the floor of the billiard area. The walls are of walnut hardwood paneling. Cherry said that families and women as well as menfolk are invited to play billiards at Bowlero. Children under 18 can play legally if accompanied by parents, he said.

The part that is called the "bowling pro shop" contains bowling equipment and garb for sale. A concession stand is part of it.

Frank, formerly with major bowling lanes in the area, invites people to drop by and shoot a game. Cost is a dollar an hour per table.

Busterud Says Money Is Key Issue Today

SAN DIEGO — John A. Busterud, Republican nominee for State Treasurer and Assembly Caucus Chairman, told members of his party, "Governmental economy, taxes and fiscal responsibility are the leading issues in the fall election."

Demonstrating his belief that the people of California should know their officials, Busterud, with his wife and three children, have been traveling some 30,000 miles up and down the State in a 26-foot motor home. "This gave me an opportunity," Busterud said, "to meet and discuss the need for sound financial judgment in State government, more economy in government spending programs, and the reduction of taxes with the citizens of California in their own communities throughout the State." The youngsters are back in school now.

The motor home is, in effect, a combined home and campaign headquarters on wheels. It has accommodations for five persons, a kitchen, bath and shower.

SHOULD BE WATCHDOG
"A vigilant Treasurer," Busterud stated, "should be the watchdog of the public purse. He is responsible for safely investing millions of dollars in State funds each year. These monies belong to the people of California and should be invested safely on their behalf."

As an Assemblyman and Minority Caucus Chairman, Busterud has fought continually to reduce government expenses, to require stricter control over State bond financing and to give the people "the right to choose" by putting all \$970 million of the 1962 State bond issues on one ballot. He has supported bond proposals for schools and college construction and veterans home loans but urges "more economy and 'pay as you go' financing on new State programs."

"Taxes are too high," he stated and added, "I shall continue to fight to eliminate waste and to obtain reduced taxes. Government already takes too much from one's pocketbook at the Federal, State and local levels."

IN HONOR SOCIETY

Busterud started working while in high school and college. He paid for much of his schooling by washing dishes and working in local lumber and construction camps as a union member. In college he majored in Economics, with particular emphasis upon Money and Banking and Public Finance, and was elected to Phi Beta Kappa, national honor society.

Following World War II - he is now a lieutenant colonel in the U.S. Army Reserve - he attended Yale Law School and was an editor of the Yale Law Journal. While there he specialized in government finance, taxation and business cycles.

He is a lawyer and a partner in the firm, Broad, Busterud and Khourie in San Francisco. He also serves as special counsel to the firm of Anderson, McDonald & Belden in Santa Rosa.

Since his election to the California Legislature, he has headed the Committee on Constitutional Amendments in addition to serving as Minority Caucus Chairman. His other committees have included Ways and Means, Government Efficiency and Economy, Education, Judiciary, Election and Reapportionment, and Transportation and Commerce.

He is a member of the American Legion, Veterans of Foreign Wars and the American and California Bar Associations.

Griffin Gridders Defeated By Riverside In 4th Loss; Going Against Orange Coast

Riverside College's single wing offense were down the Grossmont Griffin defense in the fourth quarter giving the Griffins their fourth defeat last weekend. The Griffins lack of reserves enabled them to retain the thrust of turning back the Tigers' single wing maneuvers. The Tigers capitalized on the Griffins' mistakes enabling them to score their 16-0 victory.

Early in the game, a bad center sailed over the Griffins' punter's head. He just barely got rid of the ball and it was a short punt. The Tigers took over in Griffin territory and

several plays later Charlie Homes, Riverside's quarterback, romped over from the 10 yard line for the score. The Tigers led at halftime 7-0. In the third quarter the Griffins' defense tightened and held the Tigers. Then the Griffins sustained a good drive down the field only to have a Griffin pass intercepted by the Tigers' defense.

Again the breaks paid off for the Tigers, and again the Griffin defense held. This time the Tigers were in a fourth down situation deep in the Griffins' territory. They elected to attempt a field goal, and were successful. At the end of

the third quarter the Tigers led 10-0.

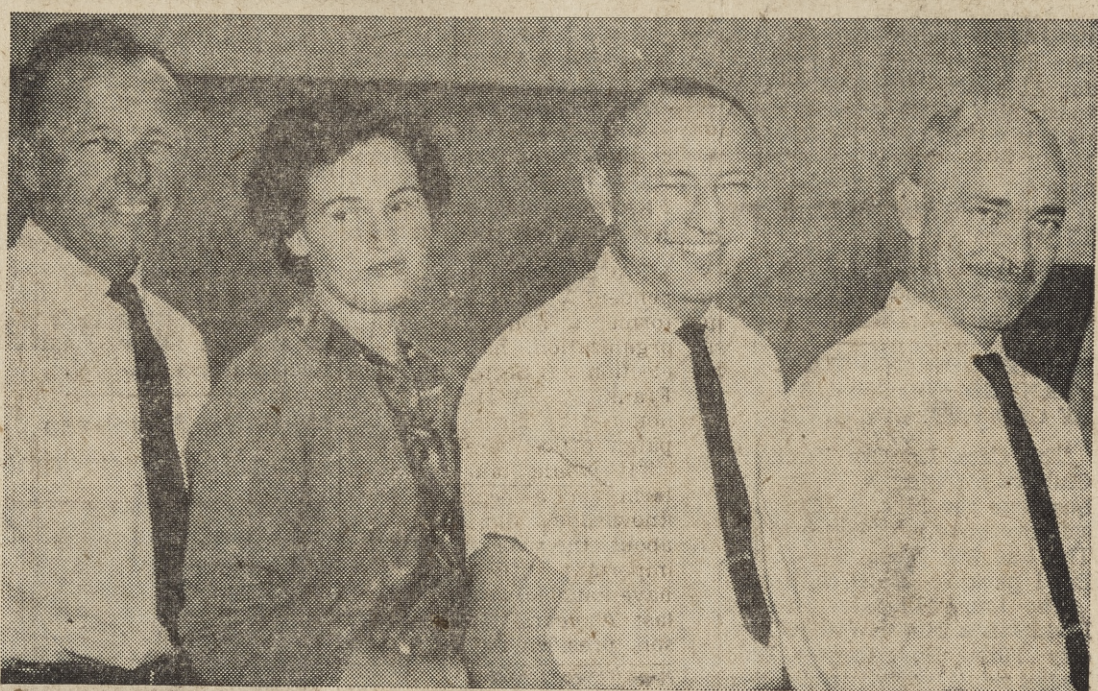

The Tigers punched out yardage in the fourth quarter giving them their final tally. Charlie Holmes ran over from the six yard line.

The final score was 16-0 in favor of the Tigers.

The Griffins are now focused on their next opponent. They play host to Orange Coast County College in the Helix high school stadium, Saturday night, Oct. 27. The Tigers possess a swift backfield and solid line and the Griffins are well aware of the tough chore ahead of them.

The kickoff is at 8 p.m.

Smear and Distortion Charged By Donovan

Republican Assembly Candidate Richard J. Donovan lashed out against the smear tactics being used by his opponent in the 77th Assembly District. In a scathing speech last week.

"Rodriguez apparently found their smear and distortions of the truth so nauseating that his better nature compelled him to apologize to me, privately and conveniently out of earshot of witnesses. Nevertheless, I'm sure he was sincere. Being a teacher of little children, I'm sure he is of the highest moral character. I don't think he is fully aware of the true nature of his bedfellows. Unfortunately,

it is an established truism that one cannot lie with dogs and not share fleas." Donovan detailed the manner in which Rodriguez avidly sought the endorsement of the California Democrat Council and charged that he is a puppet of this organization. "He is no more responsible for what he thinks and says than a ventriloquist's dummy."

The CDC gave Rodriguez the Democrat primary by helping him defeat several good, honest, long-time Democrats. He had lived in the district only eight months. This same CDC set out to defeat Sheridan Heg-

land because he refused to hue to the line, and they smeared him to get a man they could control." Rodriguez' opponents in the primary are doing nothing to help him according to Donovan. "In fact, most of them plan to sit this election out."

Donovan remarked that he had known Rodriguez to be an honest man, and a good man, but politically naive. "His nickname 'Shadow' was never more appropriate. He will be the shadow of the Unruh organization in San Diego and not your representative in Sacramento."

Donovan cited voter registration figures and the area as being heavily Democrat. "However," he went on, "Many discerning Democrats will follow the advice of Assemblyman Hegland to vote for the man and not the party label."

MORE PER STUDENT—Don Tarr of Mt. Miguel High school, who teaches and who counsels part-time, is a fervent advocate of high school vocational counseling. He's got big plans for providing each student with more counseling than heretofore possible, and believes that there isn't a school in the Grossmont High School District that won't be eventually improving this service that can tie together classwork, extra-curricular activity and outside work experience into a planned pattern aimed at a specific objective.

Shown here with two Matador freshmen, Irvine Brings and Kathy Traunero with whom he is discussing vocational guidance, Tarr set forth the following long-range goals which he believes will make each high school

day count more in the student's future:

- ★ A vocational counseling center in each of the schools in the district. (Centers already exist at Mt. Miguel and Granite Hills.)
- ★ A full-time counselor and resource areas for printed material.
- ★ Continuity in the four years of vocational counseling.
- ★ Group guidance in the classrooms.
- ★ Tapping community resources and providing extra-curricular experiences in the areas of a student's interest.

This semester 100 Mt. Miguel students already have taken advantage of Tarr's service. He invites anyone wishing to aid him with his program to call him at Mt. Miguel at HO 3-5551.

\$2 Million Bond Sale Approved By GJC Board

In a move to speed up the building program for Grossmont College the board of trustees approved sale of bonds in the amount of \$2 million, basic design criteria, and preparation of plans for off-site utilities.

The bond sale will provide enough funds to buy the site, take care of preliminary planning costs, the architect's fee through the final planning stage, grading, and development of off-site utilities. The estimated total presented by Associate Superintendent Harold G. Hughes was \$1,503,000. Principal items in the estimated cost are site acquisition, \$577,000; architect's fee, \$307,000; grading, \$325,000; water, \$195,000; sewer, \$40,000.

The excess of the proceeds will be invested in short term federal securities to offset interest charges and will insure sufficient funds for completion of the total project up through the construction bid. Tentative date for construction bids has been set for August, 1963. "Final costs can vary from these estimates," warned Hughes.

Educational specifications were presented to the board for study for the fine arts center which includes music, art, photography, little theatre, and auditorium.

The planning of a technical core curriculum center will proceed in October through involvement and partial financing from the Educational Facilities Laboratory which has made a grant to the District in order to improve the instructional facilities in technology for the college.

Newspaper To Get Award For Litter Aid

GLAESER

The Lemon Grove Review and its publisher, Max Goodwin, will be honored on Nov. 1 when the San Diego County War Against Litter Committee holds its second annual Awards Recognition luncheon at the Ocean House in Mission Bay Park.

In announcing selection of the Review as an award recipient, luncheon chairman Harold R. Glaeser said the publication was chosen for "the significant contributions it has made to the anti-litter campaign during the past year."

Glaeser said the committee's Certificate of Appreciation will be presented to Goodwin by Supervisor Frank Gibson, who also will honor other San Diego county media with awards.

The committee chairman said the anti-litter group will recognize more than 50 other individuals and organizations, including civic and service clubs, youth leaders and educational representatives.

Glaeser said Supervisor Gibson will be joined by San Diego Mayor Charles C. Dail in presenting the appreciation certificates to publishers of other suburban newspapers.

The chairman added that San Diego TV personality Regis Philbin will serve as master of ceremonies for the luncheon, which will start at 12:15 and is open to the public.

TRAILER LIFE NEWS

NICE VIEW A FEATURE OF TRAILEROYAL TERRACE AT DICTIONARY HILL

Traileroyal View Terrace is open for public viewing after having just completed 53 new deluxe spaces. Located at 1200 Grand ave. in south Spring Valley, View Terrace is one park that was designed with a view in mind. In a natural setting on the western slope of Dictionary Hill, native rock which was quarried on the property has been used to construct walls which add to the natural beauty. Many folks drive to the area to take advantage of this view of the valley below.

More recent newcomers to the park are Mr. and Mrs. Nelson Payne and son, Donald; Mr. and Mrs. Melvin Sanford and daughter, Debra Ann; Mrs. Kay Chapman; Mrs. Helen Van Wagonen and son, Robert; Mr. and Mrs. Ray Poe and sons, Don and John; Mr. and Mrs. John Mathews, and Mr. and Mrs. Richard Remele.

Many pleasant potluck dinners are enjoyed in the recreation hall by the tenants. Coffee get-togethers are becoming more numerous and everyone seems to enjoy the quiet, peaceful existence out away from the rush of highway traffic and the hustle and bustle of populated areas.

Ray and Bea Purtee, resident managers wish to extend a hearty welcome to all.

NEWCOMERS ENCOUNTERED AT LAKEVIEW MANOR AFTER VACATION TRIP

Upon return from vacation, I find we have many new neighbors and residents in the park. The following have recently joined us: Guy and Marian Angell, Joseph and Opal

Benjamin, George L. Brodick, Charles and Doris Chail, Leslie and Gertrude Dobbs, Frank and Katherine Dolph, Hubert and Helen Dye, Arthur and Katherine Fitch, Mrs. Ethel A. Heath, Jim and Tina Heck, William and Mary Key, Mrs. Estella Madden, Art and Helen Muncy, Howard A. Norton, James and Floella Richardson, Stu and Jo Roehrig, Mrs. Beth Shuman, Frank and Florence Taylor, James P. Veris, and Karl and Erika Walla.

Most of our folks have returned from vacations. The few who are still away are Harry and Emogene Dauben, who are in Texas, Fred and Clara Wright on a trip to Portland (hope the storms up there did not spoil their trip) and George L. Brodick on an extensive trip to New Mexico, Michigan and other interesting points.

We also have some who traded their mobile homes for more beautiful and bigger ones, such as Bill and Evelyn Westfall and Hubert and Helen Dye. Wonderful, wouldn't you say. Welcome home, Zerita, Shoemaker after your stay in a rest home. Now you can enjoy your beautiful mobile home with the help of your nurse.

Grace Bender has arrived to make her home with June Gage, and we are happy that June is now recovered from her operation and about the park.

Phil Philippe arranged a match game with our Shuffleboard players and those from Brentwood in Chula Vista. It was held in our park and enjoyed by all the players. Those who play shuffleboard at night now dress with one or two sweaters, some with gloves, such as Mickey Johnson and Jeannette Heegel, and some with long winter coats, but they all enjoy the fun of the game and will not let the weather stop them.
